Fill the clouds by dabbing the black colour using cotton balls. Then make stars with white colour by using ear buds.

Let's make a beautiful night cloud.

Tear different coloured papers into tiny bits. Spread glue on the butterfly's wings. Paste paper pieces on the wings. You may also paste some bindis/ stones (●) to decorate the butterfly .

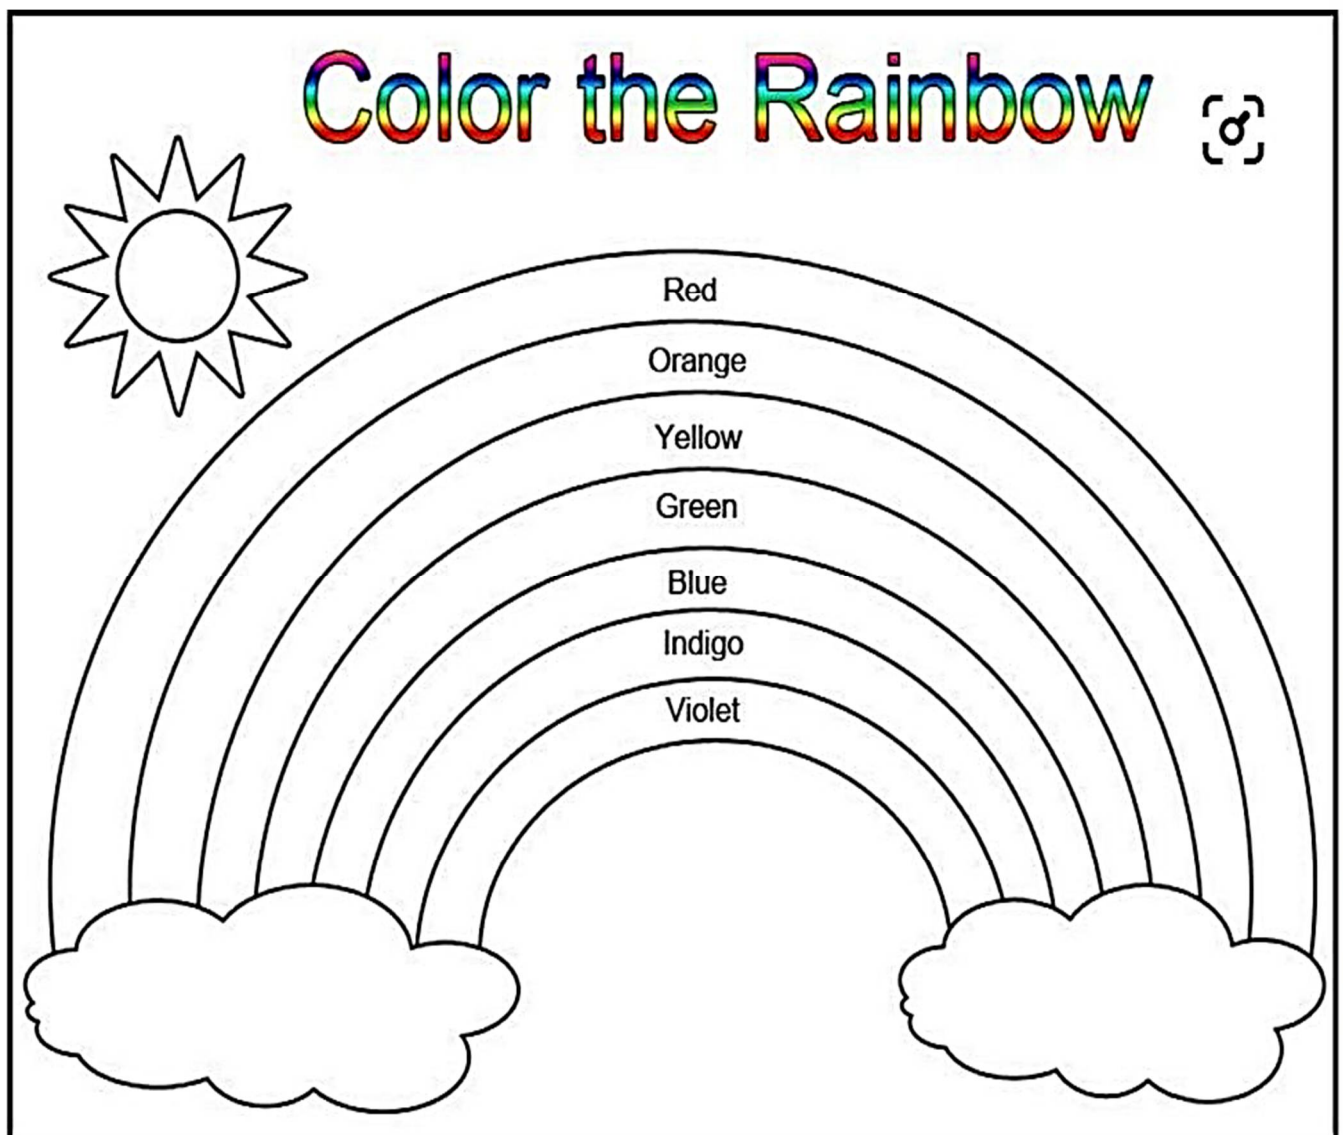

Pick up your colourful crayons and colour the picture below.

Colours play a vital role in our lives and how we respond to our surroundings. The colours you surround yourself with can influence your perspective and emotions, as well as those around you.

Fill the colours in Rainbow to make it beautiful as you are.

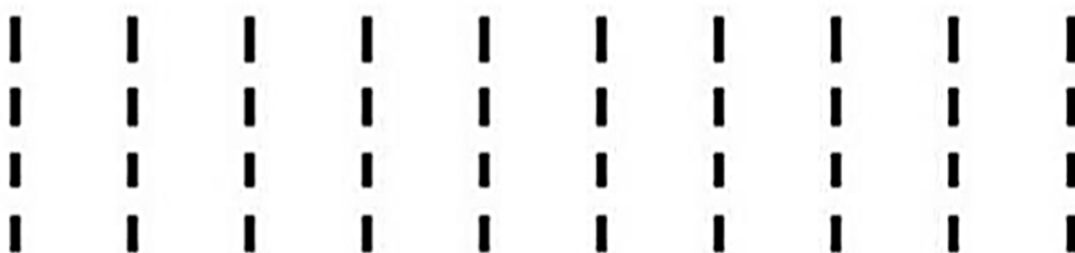

Tracing helps little ones refine their pre-writing skills, and builds the foundation for drawing and writing letters and words. Tracing is beneficial because it helps to build fine motor skills....

**Skill:** To reinforce sense of direction

"A Dad is someone you look up to every day, no matter how tall you grow". ♥

**Father's Day** is the day celebrated to honour fatherhood, as well as the influence of fathers in society. It is celebrated on 3rd Sunday of June.

**FATHERS LIKE MOTHERS, are pillars in the development of a child's emotional well being.**

Children look to their fathers to lay down the rules and enforce them. They also look to their fathers to provide a feeling of security, both physical and emotional.

Make this day special by doing something for your Father & let him know that how much special he is in your life.

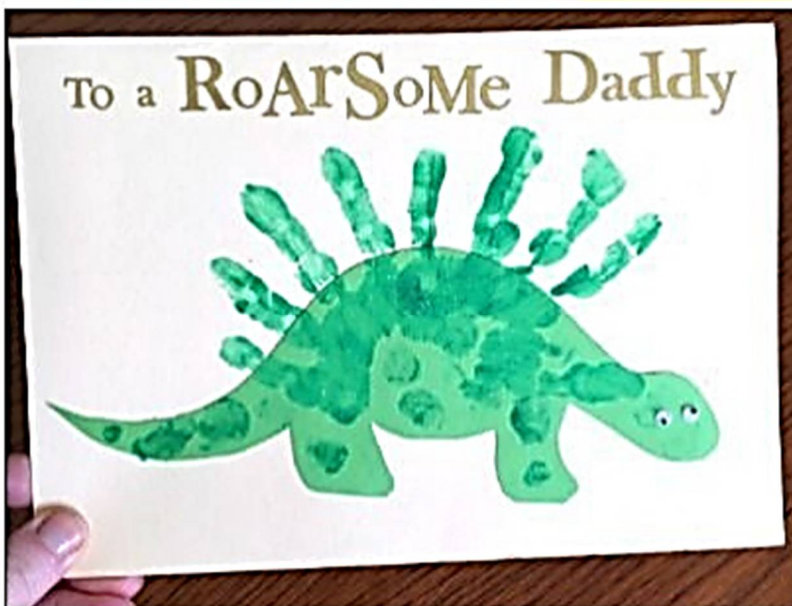

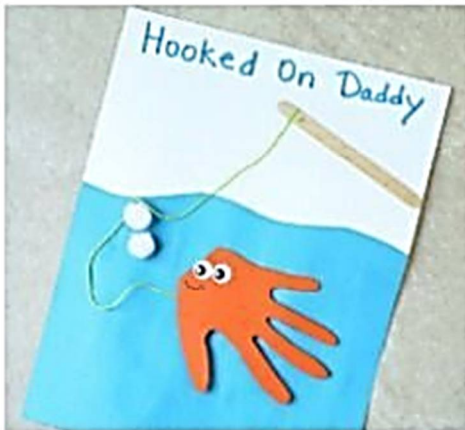

As we did cold cooking in our class, prepare something special for your Dad and serve him:

1. Sandwich Or anything.
2. Lemonade.
